Silicon Valley's Airport Summer Passenger Traffic Grows 16.4 Percent

-- Nearly 12 Million Travelers Served on Rolling 12-Month Basis --

San José, Calif. – Mineta San José International Airport (SJC) served an average 16.4 percent more passengers during the peak summer travel months compared to the same period last year. With the incredible and sustained growth in June, July and August 2017, SJC is now approaching serving 12 million passengers on a rolling 12-month basis.

SJC was pleased to welcome a significant number of new and existing travelers during the summer travel period thanks to numerous new flights. The Airport served 11.9 million passengers at the 12 months ending August 2017.

"We had incredible growth in June, July and August as Silicon Valley travelers chose SJC's many nonstop flights for their summer getaways, whether for business or leisure," said Director of Aviation John Aitken. "We are fast approaching serving 12 million passengers per year, and are continuing to expand and improve our facilities and services to meet this customer demand."

SJC Monthly Passenger Activity: June – August 2017

| Month in 2017 | Total Passengers | Year-Over-Year Increase from June-Aug 2016 |
|--------------------------|-----------------------------|---|
| June | 1,124,789 | 13.5% |
| July | 1,164,284 | 16.5% |
| August | 1,160,756 | 19.2% |
| Total | 3,449,829 | 16.4% |

Enhancing the Passenger Experience

SJC has focused on these hi-tech and high-touch passenger service enhancements in 2017:

(more)

- Adding two new gates, 29 and 30, to reduce passengers' footsteps and enhance airline flight scheduling with an anticipated opening in fall 2017;
- \$8.2 million expansion and renovation of the International Arrivals Building, including hi-tech services to expedite arriving international travelers;
- Modernizing the Terminal A Ground Transportation Service Center;
- Placing a new monument sign with a digital feature at Coleman Avenue and Airport Boulevard (one of three SJC gateways);
- The iPal Playground, an interactive play space featuring iPal robots which are currently entertaining kids ages 3-8 at Gate 25; and
- More and improved retail concessions offerings.

SJC: Transforming How Silicon Valley Travels

Mineta San José International Airport (SJC) is Silicon Valley's airport, a self-supporting enterprise owned and operated by the City of San José. The airport is approaching 12 million passengers served annually, with 200+ peak daily departures on 16 international and domestic carriers to 50 nonstop destinations. SJC was America's fastest-growing major airport in 2016, based on percentage increase in passenger seat capacity. For more airport information, visit www.flysanjose.com.
